\* *For the purpose of this study, the term "cognitive" refers to the mental processes of perception, attention, memory, and reasoning.*

1. The first step is to identify the problem or question that needs to be answered. This involves understanding the context and the specific information required.

... ..

...and the fact that the system is not yet fully operational, the Commission has decided to postpone the final decision on the system until the end of 1991.
